Situation

Mt. Carroll is situated on the Chicago, Milwaukee & St. Paul Railway, 128 miles (four trains each way daily, to and from Chicago, three hours by the fastest train) immediately west of Chicago on the Omaha division of this line. It is 150 miles southwest of Milwaukee on the Racine & Rock Island division. Two transcontinental trains, including the famous "Overland Limited," to and from Chicago and San Francisco and Los Angeles, pass through Mt. Carroll daily, stopping to let off sleeping-car passengers from distant points. Express trains, likewise, between Chicago and Denver, Omaha, Sioux City, Chamberlain (South Dakota), St. Paul, Minneapolis, Kansas City, Ottumwa, Des Moines, Cedar Rapids, Marion, and intervening points, pass through Mt. Carroll daily, furnishing the best of facilities for transportation. Particular attention is invited to the fact that passengers from the numerous places on the lines of the St. Paul and Union Pacific roads, can reach Mt. Carroll *without any change of cars whatever*, there being, in the case of many of these points, three trains a day.

The railway company, on request, adds a special car for the exclusive use of Academy pupils and teachers to the train leaving Chicago at 1:30 P. M. on the evening before the opening of school in September, and at 5:15 P. M. in January.

The town is ten miles from the Mississippi River, beautifully located among picturesque hills, and is justly celebrated for its beauty and healthfulness. The school stands on high ground, and overlooks a landscape rich and varied. The school grounds consist of twenty-five acres, a large part of which is protected and shaded by many majestic old pine, maple, and elm trees. Orchards furnish various kinds of fruits, and a kitchen garden supplies the table with fresh vegetables. The water supply is obtained from an artesian well drilled 2,500 feet into the rock. The Jersey milk furnished the Academy table is pure.

Aim

The main object at which the Academy aims is to fit its pupils for life—to secure the trained intellect, the refined sensibilities, the self-controlled will, the enlightened conscience, which together make a noble and symmetrical womanhood. It is a preparatory school, but it is far more than that.

The pupils are brought into constant contact with teachers of culture, refinement, and experience, who know how to meet the needs of young girls, and who

enter sympathetically into their work and play. The appeal is made in the heart of a girl; and results show that in most cases the appeal is successful. A year of years in such a school, or even a single year in some cases, will deeply and favorably affect the whole tenor of a girl's life.

Character.—Every applicant for admission must present a written statement of recent date, from pastor or teacher, giving assurance that she is in every way a suitable person to be a member of a home school for girls.

Equipment

It is confidently believed that no better equipped home is offered its pupils by any school for girls in the West. The school has the advantage of twenty years of history, experience, and traditions; yet its equipment is entirely modern. It has been rebuilt since 1903. The buildings, solidly constructed of brick and stone, are heated by steam, lighted by electricity, and furnished with hard water and all modern conveniences.

The New Dormitory and Reception Hall

April 15, 1909, the Trustees let the contract for a new college dormitory and reception hall for use of the whole school, to be ready September 1.

This brick and stone building is modified Colonial, 90X40, three stories, with basement and attic. The trimmings are all Bedford stone. The front terrace, sixty feet long and nineteen feet wide, with a railing and balustrade of stone and concrete.

The ground floor contains a kitchen for preparing light refreshments. The dining-room, 22X20, with fireplace, is finished mission style with pilasters, log beams, heavy baseboards, chair rail, plate rail, and cornice molding. The French windows. The parlor adjoining is 15X32. The main hall, running entirely across the building has pilasters, drop beams, large air plain iron wide stairway with balcony, the wainscoting continued to the second floor. The main feature on the ground floor is a drawing-room, 40X32, backed by a wall with marble finish and Corinthian capitals; woodwork is finished in white enamel. The southern exposure on the golf course has two bay windows with window seat.

The second and third floors contain toilet rooms, with eight single rooms and fifteen double rooms for teachers and pupils. All double rooms have two closets and two closets. The finish on the upper floors is dark-brown stain. The building has Tungsten Holophane electric light, steam heat, and copper water trunks. The basement has automatic hot-water heater. The building is connected with the central steam-heating plant and with the sewer system. Every room has sunshine.

This building is intended to care for the maturer pupils in the College Department and to furnish social facilities for use by the whole school.

LANDSCAPES

Metcalf Hall

The Contract for the new Administration Building was let May 22, 1907.

The recitation rooms in Metcalf Hall to which Andrew Carnegie contributed \$10,000, were first used January 11, 1908; the auditorium January 17. The building is 107×44 feet, native stone and sand-mold brick, two stories and mezzanine story, with tower and finial 100 feet high. The building contains offices, library, cloak rooms, ten recitation rooms, and auditorium seating over four hundred. The interior wood has Cathedral Oak and Bog Oak finish. The electric light system embodies the latest designs in Holophane shades and Gem lamps, distributed evenly over the ceilings, lighting perfectly every part of the building. The heat is from the central steam and power plant erected in 1906. The tower contains the old bell used by Mrs. Shimer for more than thirty years.

The building bears the name of the President of the Board of Trustees, who has been a lifelong friend of the Academy, as his mother, Sarah Metcalf, was. Dr. Metcalf, especially, gave generously toward the erection of this building.

West Hall

West Hall, occupied September 11, 1906, designed by Architect C. A. Eckstorm, Chicago, 154×40, is a perfectly equipped home for over fifty people, in addition to reception rooms, parlors, dining-room, and Dean's apartments. On the ground floor are pupils' parlor, pupils' kitchen, Young Women's Christian Association rooms, dining-room, serving-room, and kitchen—all built on most approved modern plans. A studio of artistic design is on the upper floor. Stand-pipe with hose on each floor, and fire escape are provided, with ample stairways in addition. Bathrooms are on first and second floors.

A central steam plant, with steam laundry connected, equipped with modern machinery, was erected in 1906.

Hathaway Hall

Hathaway Hall, dedicated in November, 1905, was named for Mrs. Mary L. Hathaway Corbett, of the class of 1869, a sister of Mrs. Hattie N. LePelley, of Freeport, a trustee of the Academy, who gave liberally toward the erection and furnishing of the building. The basement contains a modern gymnasium 70×36 feet, besides three shower-baths set in marble partitions, lockers, and all other necessary fixtures. The three upper floors contain parlor, rooms for fifty pupils, baths, and trunk-room. The parlor has been furnished by the Mount Carroll Seminary and Frances Shimer Academy Association of Chicago. No detail has been omitted which would contribute toward making the building a thoroughly modern and comfortable home. Adequate fire protection is secured by a stand-pipe with hose connections on each floor, and fire-escapes on each end, in addition to broad, easy stairs. The hall was designed by Shepley, Rutan & Coolidge, Chicago.

THE FRANCES SHIMER ACADEMY

Dearborn Hall

The building for Instrumental and Vocal Music, and Domestic Science was completed and opened for use in November, 1903. It is solidly constructed of brick and contains eleven practice-rooms, two rooms for instruction in piano and voice, sewing-room, kitchen, pantry, dumb-waiter, together with hall of enormous size, and basement complete under the whole building. The building was designed by Shepley, Rutan & Coolidge, of Boston and Chicago. The steam heat plant is connected with the boilers in central heating plant. The building is named for Mrs. Isabel Dearborn Hazzen, formerly head of the Department of Music for over twenty years.

February 9, 1906, fire destroyed the old buildings and South Hall. While sentimental loss is keen the permanent advantage to the Academy in replacing these buildings with perfectly modern structures is great.

Carnegie Library

At the solicitation of officials of the Academy, Andrew Carnegie offered, February, 1905, to give \$10,000 to build a free public library for Mt. Carroll. The town would furnish a suitable site and provide by taxation a sustaining fund. This library is now in use, and Academy teachers and pupils have free access to its privileges.

Electric Clock

All buildings are equipped with electric bells, rung automatically by a Program Clock. This insures accurate time and uniformity of procedure throughout the institution in closing and beginning recitations, as well as in beginning meals, for rising, and retiring. The master clock controls a system of secondary clocks also in other buildings.

History

The school, which was known for forty-three years as Mt. Carroll Seminary, became, in 1896, by the wish of the founder, Mrs. F. A. W. Shimer, an affiliated school of the University of Chicago. After much consideration between President Wm. R. Harper and Mrs. Shimer it was decided that a separate Board of Trustees should be organized to take charge of the school. The Board consists of fifteen members, representing the University of Chicago, the Seminary, and the citizens of Mt. Carroll.

The relation of the Frances Shimer Academy to the University of Chicago is a double one. In the first place, it is an affiliated Academy of the University, and as such, the work of instruction is under the direct oversight of the University. In the second place, four of the fifteen Trustees are Officers of the University. While, therefore, the Academy sustains a relation to the University as an institution, as to justify its name, it is an independent institution and seeks a constituency of its own.

The graduates and pupils of Mt. Carroll Seminary are included as graduates and pupils of the Academy, and the large constituency gained in over half a century furnishes a constant source of support, advancing the best interests of the school.

Endowment

At her decease, Mrs. F. A. W. Shimer left the bulk of her property in trust for the benefit of the Academy. The property consists of money and real estate, chiefly in Illinois, Iowa, and Nebraska. The income from this property makes it possible to furnish facilities at a price comparatively low.

In addition to this, Miss Adelia C. Joy, for twenty years Lady Principal of Mt. Carroll Seminary, who died in October, 1903, in Davenport, Ia., left bequests to the Academy and to the Educational Aid Association. The last is for the benefit of pupils in the Academy who are worthy and who need financial help.

Courses of Study

Admission

No student need hesitate about coming to the Academy through fear of being excluded by the entrance examinations. The Introductory Year furnishes an opportunity to make up deficiencies. Students will be admitted to advanced classes on presenting written statements from instructors giving detailed account of work done, or from examination showing their qualifications to carry on the work of these classes with success. Every pupil must enter a class in spelling or satisfy the instructor in English that it is unnecessary.

Academic Department

The courses of study in the Academic Department include the studies necessary for admission to the best colleges. Each student will pursue such of the studies as may be required by the college or university which she desires to enter; or, if she prefers, such other work as may be agreed on.

In the statements which follow, a unit usually represents an exercise daily for the usual school year. In a few of the subjects the recitations occur four times a week instead of five.

Students who complete fifteen units (three of which must be in English, three in a language other than English, one in History, two in Mathematics, and one in Science), from the list below, will be entitled to the Diploma of the Frances Shimer Academy.

Physical culture is required of all pupils unless excused by physician's certificate.

Summary of Courses Offered

Each pupil is supposed to have four studies. Strong pupils after the first year may carry an extra course in Music, Art, Elocution, or Domestic Science.

THE FRANCIS SHIMER ACADEMY

The recitation periods are forty-five minutes. The figures indicate the number of recitations weekly in each subject. Monday is the weekly holiday.

		(repeated)		

Required work in *italics*. Three years in a language other than English are required also, and one of the two years in Science as defined above.

One unit in music may be secured by taking instruction once per week and hour a week two years, practicing one and a half hours a day. Four units may be taken in Domestic Science or Elocution, or for seven hours a week for one year in Art. One credit is given. Fifteen units are required for graduation.

METCALF HALL

The work offered above, if rightly chosen, is ample for admission to the University of Chicago, Vassar, Wellesley, and other colleges for women, and other universities or colleges East and West. To ascertain the exact requirements at each college it is advisable to write to the colleges concerned.

The Academy examinations are held each semester. Reports showing term and examination standing are sent to parents. Students who have completed these examinations in the required studies will be admitted to The University of Chicago, the State Universities, to Vassar, Wellesley, Beloit, Mt. Holyoke, Smith, and other colleges without examination.

The time for graduation from the Academic Department is usually four years.

Junior College Course

FIRST YEAR

		RECITATION PERIODS PER WEEK
Required:	English (may be taken in second year if preferred)	4
Elective:	Latin	4
	French	4
	German	4
	Mathematics (Solid Geometry, Trigonometry, College Algebra)	4
	History and Political Economy	4
	Music (Piano, Voice, or Violin)	2
	Harmony and Analysis	4
	Psychology	4
	Physiography	4

SECOND YEAR

Elective:	Latin	4
	French	4
	German	4
	Botany	4
	History and Sociology	4
	Music	2
	History of Music and History of Art	4

Students will carry four studies. No student may graduate from the Junior College with less than 28 hours work, an average of 14 each of the two years of the course, nor take more than 16 hours work in any one year. (An hour means a recitation four times a week throughout the year.) A diploma will be given at the end of the course. Second-year studies may be taken earlier, if desired.

Students wishing to receive college credit in music must possess as a prerequisite the equivalent of Grades 1 and 2 in Calendar, pp. 24, 25. The college music requires not less than one hour a week of instruction with the head of the Music Department, and not less than an hour and a half a day practice. Credit will not be given in practical music without a year in Harmony. For extra charges in practice and theory see "Expenses," p. 34.

THE FRANCES SHIMER ACADEMY

Admission to the Junior College

Fifteen units are required for admission. A pupil who has finished senior or, in exceptional instances, thirteen, may enter on condition. Graduates of high schools which are on the accredited lists of the North Central Association of Colleges and Secondary Schools, and other universities and colleges of the same will receive credit toward admission for work done without examination.

This Junior college work is the substantial equivalent of the Freshman and Sophomore years of a regular college. Ordinarily a good student who has done six full years' work at Frances Shimer Academy may enter the Junior College of a college, provided the work done here is chosen with reference to the requirements of the college of her choice. Some institutions will require examination before giving credit; some will not.

Pupils contemplating taking Junior college work are requested to write the Dean stating specifically what work they wish to do.

ALGEBRA III (3): Slaught and Lennes. Advanced Course. Review of Elementary Algebra, with a more complete study of Quadratic Equations, Ratio, Variation, and Proportion; Exponents and Radicals; Principles of Logarithms; Progressions; Binomial Theorem.

SECOND SEMESTER

ALGEBRA I: Simultaneous Equations; Special Products and Quotients; Factors; Quadratic Equations; Fractions with Literal Denominators; Ratio and Proportion.

PLANE GEOMETRY: Areas of Polygons, Regular Polygons and Circles. All work in geometry is accompanied by original demonstrations.

History

FIRST SEMESTER

GREEK HISTORY (1): West, to the death of Alexander.

MODERN HISTORY (3): Robinson, to Era of the Reformation.

SECOND SEMESTER

ROMAN HISTORY (1): West, to the accession of Charlemagne.

MODERN HISTORY (3): to the twentieth century.

Notebooks and collateral reading required in all history courses.

English

The aim of the English department is: Through the study of literature, to enable pupils to enjoy literature for its own sake; through the work in composition to enable them to express themselves not simply with *correctness* but with *clearness, ease, and force*. Practice in writing occupies approximately one half of the time allotted; in all courses themes are required as often as once a week. Pupils from other schools who wish to enter advanced classes here will find it very helpful to have read before entrance the classics required *in this school* in the courses

THE FRANCIS SHIMER ACADEMY

for which credit is desired. Pupils deficient in spelling and grammar must make up these deficiencies on entrance.

FIRST SEMESTER

ELEMENTARY COMPOSITION—LITERATURE (1): Bulfinch's *Age of Fable*; Scott and Denney's *Memorable Passages from the Bible* (with supplementary readings from the Bible); Eliot's *Silas Marner*; Hanson's *English Composition*.

Introductory Department

While the chief work of the Academy is with pupils of the academic age, it furnishes a home and instruction by experienced teachers for pupils in the grades. A few pupils of the age of ten to thirteen are in the Academy building, and special provision is made for their care. Those who have changed schools or children who must be away from home will find their wants met in this department.

ment. The classes are small, and individual attention is given each pupil. The work is that usually given in the seventh and eighth grades: the common branches and elementary science.

Normal Department

The Normal Department has been organized by the Academy primarily to meet the needs of two classes of patrons. One consists of those young women who wish to prepare to teach, but do not wish to lose the advantages of home life. The Academy furnishes the comforts and protection of home, including constant oversight of health. The pupils have also the advantage of daily association with the teachers, outside the classroom as well as in it.

The other class of patrons for whom this department is specially intended includes a large number of girls and young women in Carroll and adjoining counties who wish to get themselves ready to teach, but do not wish to get away from home.

Normal Course

Arithmetic	Physiology	Algebra	Class Drawing
Singing	Class Drawing	Civics	Singing

Any girls or young women who have a desire to teach, will find in this department needed instruction and stimulus. Any who are interested are invited to address the Dean of the Academy for fuller information.

Business Course

To meet the needs of those who desire business training, instruction is given by a practical teacher of wide experience in Stenography and Typewriting. This work can be completed in one year with other studies; alone, in less. Touch-typewriting is taught, and one of the best systems of shorthand is used.

The Department of Expression

Physical Culture

Every pupil is required to take daily exercise in the open air. In addition to this, each pupil is required to have two periods a week in the Gymnasium, under the regular instructor, in classes. The Gymnasium on the ground floor of the new Dormitory extends over a space 89×36 feet with ample light, heat, and facilities for shower bath.

The Gymnasium is equipped with wands, Indian clubs, dumb-bells, swinging rings, chest machines, parallel bars, and piano. Under the regular régime of this work, the exercises being adapted to the peculiar needs of the individual pupil, physical weaknesses are corrected, the chest, waist, and limbs are

THE FRANCES SHIMER ACADEMY

strengthened, the carriage is improved, and the physical condition generally is given tone and vigor. Frequent talks on Anatomy, Physiology, and Hygiene are given.

The work includes fencing, basket-ball, fancy steps, fancy drills, games, the Swedish system of physical culture, running and jumping.

A golf course of five holes has been laid out on the Academy grounds by Mr. F. J. Llewellyn, one of the golfers of the Homewood Club, Chicago. The course is well kept and is much used.

The Academy also sustains facilities for tennis, tobogganing, croquet, and basket-ball. Skating may be enjoyed on the creek near the Academy.

Lung Gymnastics

A course in lung gymnastics or scientific breathing is offered, which is helpful for throat and chest troubles, and furnishes a foundation for voice work. Proper breathing increases lung capacity and increases the resistance of the pupil against any tendencies to disease of the lungs. This is a distinct course, offered as private work to any pupils who care to take it as an extra.

A physical record of each pupil is kept, and the exercises are adapted to the needs of the individual. The aim is to develop strength, grace, and freedom in carriage.

Elocution

This department is based on the principles of art. It aims to teach the pupils easy, natural expression of their own thoughts and the thoughts of others. It teaches self-control, poise of mind and body, and develops vocal resources. Only the works of the best writers are used in this department. Special work is laid on sight reading, voice-culture, Delsarte, gestures, recitations, platform monologues, and dramatic art.

Diploma.—Pupils who complete the two-years' course in this department with the equivalent of twelve units in the academic work, will be given a diploma.

Domestic Science

This department is designed to meet the needs of two classes of students, viz., (1) Girls who desire a knowledge of the general principles of sewing and cooking and their application to home life; (2) Girls who desire to specialize in Domestic Science with the purpose of teaching.

Requirements.—Three years' academic work, including one year of physical work with laboratory work.

Courses

FIRST YEAR

Department of Music

EMIL LIEBLING, *Visiting Director in Piano*

While Mr. Liebling's principal attention has been devoted to a large teaching clientèle he has found time to compose, write magazine articles, lecture on musical topics, and engage in frequent concert tours. Born in Germany, a resident of Chicago since 1872, his name has become thoroughly identified with the artistic achievements of the city, and he is favorably known and honorably mentioned throughout the musical world. Mr. Liebling meets the advanced members of the Piano Department individually at his quarterly visits; hears them play and discusses with them different modes of study, practical phases of musical teaching, and also analyzes many forms of composition. The lectures and concerts of Mr. Liebling, given with the assistance of the members of the faculty of music and outside talent at each of his visits, serve to create a musical atmosphere for the school which ordinarily can be enjoyed only in the larger cities. The programmes include the most important works of classical and modern pianoforte literature. Mr. Liebling also, at each visit, examines the work and progress of each pupil

and prescribes her studies. These lectures, concerts, and examinations create a lively interest in the subject of music and beget enthusiasm among the pupils.

Mr. Lieblich also offers an annual gold medal to be awarded to the best pianist in the department.

The Conservatory of Music, conducted by the Mount Carroll Seminary for many years, made for itself an enviable reputation for the thoroughness and artistic excellence of its work.

The work as now done by the Academy is rigidly graded and carried forward systematically as in other branches of study.

The regular

Piano Course

which pupils of average musical ability may, by taking daily lessons and practicing three or four hours per day, complete in three years, is divided into six grades.

GRADES I AND II

- Concone, *Studies*, Op. 24.
- Czerny, *Velocity Studies*, Op. 299, Books I, II.
- Loeschorn, *Studies*, Op. 66, Books I, II, III.
- Kullak, *Octave Studies*, Book I.
- Heller, *Studies*, Op. 46.
- Bach, *Twelve Little Preludes*.
- Bach, *Two-voiced Inventions*.
- Clementi, *Sonatinas*.
- Haydn, *Sonatas*, Nos. 2, 4, 5, 7, 9.

GRADES III AND IV

- Czerny, *Velocity Studies*, Op. 299, Books III, IV.
- Heller, *Studies*, Op. 47.
- Cramer, *Studies*, Books I, II.
- Kullak, *Octave Studies*, Book II.
- Bach, *Three-voiced Inventions*.
- Bach, *French Suites*, Nos. 5, 6.
- Mozart, *Sonatas*, Nos. 1, 4, 11, 13, 14, 18.

GRADES V AND VI

- Cramer, *Studies*, Books III, IV.
- Bach, *Well-tempered Clavichord*, Vol. I. *Preludes and Fugues*, 2, 5, 7, 8; Vol. II, *Preludes and Fugues*, 5, 7, 9, 10.
- Beethoven, *Sonatas*, Op. 2, No. 2; Op. 2, No. 3; Op. 10, No. 2; Op. 13, Op. 26.

In every grade a sufficient number of pieces will be given to insure proper development of style. The course for graduation also requires sufficient work in accompanying and transposing to render the pupil proficient in both

Students may enter any grade for which they are found qualified. Some previous knowledge of the rudiments of music is expected of pupils entering the regular course. Superior advantages, however, are provided for those beginning music.

Requirements for graduation in the Piano Course include the work of the above-mentioned six grades, together with Harmony and analysis one year, the literary work required of all students of Music and Art (see p. 28), the History of Music one-half year, and the following selections memorized: one concerto; Mendelssohn G-minor Concerto or equivalent; two Beethoven sonatas; two Bach fugues; two groups of smaller solos.

For those who desire to continue in the school and carry their work to a greater degree of attainment, two courses have been arranged, as follows:

GRADE VIII

(ADVANCED COURSE)

Clementi, *Gravus ad Parnassum*.

Moscheles, *Etudes*, Op. 70, Books I, II. (Selected Studies.)

Chopin, *Etudes*, Op. 10.

Bach, *Preludes and Fugues*, Vol. I, Nos. 1, 3, 6, 10; Vol. II, Nos. 1, 8, 15.

Beethoven, *Sonatas*, Op. 27, No. 1; Op. 27, No. 2; Op. 31, No. 2; Op. 53.

(This course requires a year to complete.)

GRADE VIII

(MEDAL COURSE)

Includes the work of the previous seven grades and

Chopin, *Etudes*, Op. 25, Nos. 4, 6, 10, 11.

Henselt, *Etudes*, Op. 2.

Kullak, *Octaves*, Book III.

Bach, *Fantasia in C*.

Bach, *Toccat and Fugue in D minor*.

Beethoven, *Sonatas*, Op. 57, Op. 81, Op. 101.

(This course requires a year to complete.)

A demonstrative recital given before the Conservatory pupils is required of each graduate in each course, the programme as far as possible being memorized.

Vocal Course

The first and most important consideration in voice-building is the establishment of correct breathing. This fact will be emphasized throughout the entire course.

Outline of Vocal Course

First and Second Grades.—Exercises for tone production; exercises in breathing; elements of notation; exercises in vocalization and solfeggio; sight-singing.

Third and Fourth Grades.—Exercises in vocalization and solfeggio continued; exercises for articulation in English and Italian; Marchesi's studies in Italian; arias of moderate difficulty; ensemble singing; sight-singing continued.

Fifth and Sixth Grades.—More difficult studies in phrasing and expression; exercises for flexibility, embellishment, etc., at the same time building and memorizing a repertoire of church, concert, and operatic music.

Requirements for Graduation

A knowledge of the best songs of the modern German, French, and English composers; the most noted songs from Schubert, Schumann, and Franz.

Arias from the standard oratorios.

Arias from the standard operas.

Anthology of Italian songs of the seventeenth and eighteenth centuries.

A knowledge of piano music, equal to the first and second grade of the Piano Course.

Harmony and Musical History. The course in Harmony extends over one year, four lessons a week. The course in Musical History extends throughout one-half year, four lessons a week. Required literary work (see p. 28).

For those satisfactorily completing the regular course and desiring to be more proficient, an advanced course has been arranged.

Advanced Course

The continuation of first course, with more finish and breadth of style.

Greater familiarity with the standard operas and oratorios.

Bordogni's 36 *Vocalises*, Books I, II.

Exercises, studies, and pieces of noted difficulty.

Proficiency in sight-singing.

A knowledge of piano music equal to third grade.

The final examination will include the rendering of a recital ~~program~~ memorized.

Public School Music

This department offers an opportunity for comprehensive study of the Theory and Practice of Public School Music, to those who desire to prepare for supervising music in the public schools, and for grade teachers who wish to ~~improve~~ the music in the individual grade.

FIRST YEAR

1. Notation. Ear training.
2. Outline of systematic work for each grade.
3. Presentation of the Rote Song.
4. Methods of presentation and development of the different rhythmic and melodic problems.
5. High-school chorus and glee clubs.

DOMESTIC SCIENCE
HATHAWAY PARLOR

SECOND YEAR

1. Methods (continued).
2. Study of Child Voice.
3. Art of Conducting.
4. Relation of supervisor to the grade teacher.
5. Continuous practice work throughout the year in the public schools of the city under the direct supervision of the critic teacher.

Musical History, First Year Harmony, and one year of Voice will be required for a Diploma from this Department, along with the scholastic work required for graduation in Piano.

Violin

First Grade.—Elementary studies in fingering and bowing: Dancla, De Beriot, David, Herman. Studies in first position by Sitt, Wohlfahrt, and Kayser, Book I. Easy solos and duets in first position.

Second Grade.—More advanced studies in fingering and bowing: Kayser, Book II. The easier positions, Blumenstengel, De Beriot, etc. Scales in one and two octaves and studies in shifting, Sitt, Schradieck, Dancla. Pieces in the easier positions.

Third Grade.—Scales and chord studies in two octaves, exercises in double stopping, solos and duets in higher positions: Kayser, Book III, Schradieck, Gruenberg, Pleyel.

Fourth Grade.—Scales and chord studies in three octaves, advanced exercises in bowing and double stopping, Kreutzer Etudes, concertos, pieces, and duets, using the higher positions, harmonics and double stops: Pleyel, De Beriot, Dancla, Accolay, Viotti, Schradieck, Alard, etc.

Advanced work in addition will be offered to pupils who are ready for it. For additional requirements for graduation see next page.

Department of Art

Course in Art

First Year.—Charcoal drawings from objects and from casts. Painting from still-life. Sketching in pencil and charcoal from nature. Exercise in composition.

Second Year.—Cast drawing of foreshortened heads, and of figures, in charcoal and crayon. Pen-and-ink drawing. Painting from still-life, in oil and watercolors. Sketching from nature, in various materials. Perspective and anatomy. Modeling in clay.

Third Year.—Drawing from the more difficult antique casts and from life. Painting in water colors and oil, from still-life and flowers, and out-of-doors.

Fourth Year.—Painting of flowers, in the various materials and from nature; of the head and draped model, from life.

Advanced Course

Those who have completed the regular course and desire to continue are given a year of advanced work.

The course consists of original studies from nature, in any material used in the school. These are expected to show the pupils' idea of composition in form and color. They are to be landscape, portrait, full-figure, and still-life.

A thesis on some art topic, approved by the instructor, is written in the fall term.

This course is expected to need three hours' instruction daily in the studio.

China Painting

China painting is offered as an elective to such pupils as desire it.

Equipment

New casts are being added to the studio from time to time.

Required Literary Work for Graduates in Music and Art

Common English Branches	
French, German, or Latin	2 years
History	2 years
Rhetoric and Composition and Literature	3 years

No pupil is received for less than eighteen weeks. School bills are payable, one-half September 8, balance January 25, at the opening of each semester.

1. *Laundry.*—The laundry must be plain. All pieces difficult to iron will be charged extra. Shirt waists extra between December 1 and April 1. All laundry not plainly marked with *indelible* ink, with owner's name (initials not sufficient), will be returned.

2. During illness pupils pay for the services of the Academy nurse for time actually given, in room, and for simple remedies furnished on application. Pupils in the Infirmary are charged \$1 a day for nurse and meals. In serious illness pupils employ a special nurse and physician.

3. It is understood that all house pupils enter for the year, unless written arrangements to the contrary are made on entering. Pupils who ask to give up their rooms, for any cause, during the year, without giving six weeks' notice to the Dean before the beginning of any semester, may be charged for one half of the succeeding semester not taken.

4. *Payment of Academy Bills.*—The bill for each semester is to be paid on or before the first day of the semester, and any pupil who registers for work in any semester becomes liable for the expense of the half year, whether day pupil or house pupil. If bills are desired before payment is made, they should be asked for long enough in advance to have drafts in the hands of the Dean by the first day of each semester. For dates see calendar, page 5. When students are compelled to be absent by protracted illness covering five weeks or more during term time, the loss for the time after room is surrendered may be shared between

the pupil and the Academy; time to be reckoned from date when written notice surrendering the room is received by the Dean.

5. *Student Service.*—The Academy offers a limited number of worthy pupils of limited means opportunity to reduce their expenses by doing clerical work, or ordinary housework. Prospective students who seek aid from this department should write the Dean, stating what part of the regular bill it is essential that they earn, and what kinds of work they are able and willing to do.

6. Books, stationery, art materials, toilet articles, indelible and writings inks may be purchased of the Academy at usual rates. These articles will be sold on credit, and an account will be rendered at the end of each term to patrons who deposit \$10 with the Dean at the opening of each term to cover these bills. Unexpended balances will be returned. Those who prefer not to make deposit may secure supplies for cash.

Parents who wish to intrust spending money for their daughters to the care of the Dean may do so. The Academy possesses a safe in which such sums are secure. Money cannot be loaned pupils by the Academy.

7. *Deposit on Room.*—Applications for rooms should be sent to the Dean. The sum of \$10 must be deposited when a room is engaged, and no room will be reserved unless this deposit has been made. This deposit will be deducted from the bill of the second semester; or if pupil gives up room before September 1 the deposit will be returned.

8. *Scholarships.*—A scholarship covering tuition for one year in the school department is offered to the girl of the highest standing in her studies in the high school of Carroll County. A scholarship covering University fees for two terms is awarded by the University of Chicago to that one of the graduating class of the Frances Shimer Academy who has stood highest in the work of the school, time of attendance being also considered.

9. No pupil may receive the diploma of the Academy whose bills are not fully paid.

General Information

Selection of the Courses of Study.—The work of the first year is substantially the same for all students. At the beginning of the second year each student will choose, with the advice of the Dean and the approval of her parents, the course best adapted to her needs and aims.

Special Students.—Students who do not expect to go to college may select such studies as they wish, under the limitations named on p. 13, and may secure a diploma after having done the fifteen units in any work selected.

Examination and Grading of Students.—A student, therefore, who has successfully completed her Academy course, and wishes to enter, is admitted to the Uni-

versity of Chicago, to all colleges of the North Central Association of Colleges and Secondary Schools, and most other colleges without further examination. Examinations are held at the close of each semester. The average of the term grade and the examination grade is the final grade which is reported to parents on request as A, B, C, or D. Those who receive C must take another examination within six weeks. Those who receive D must repeat the subject to receive credit. Pupils absent from examinations, without good excuse, must take private examinations and pay the Academy \$1 compensation for the extra work. Special examinations, \$1.

Absences.—Permission must be obtained, when practicable, in advance, for absence from church, from physical exercises, from chapel, and from study hours, as well as from recitations. Students are expected to attend every exercise. Parents are requested not to ask that their daughters be excused before the work of the semester is entirely completed. Such requests are rarely granted. The full work continues to the hour of closing, and full work begins at the hour of opening after winter and spring vacations. Those who have not reported in person to the Lady Principal or Dean within six hours of the time of opening in January or April will be required to make up lost recitations and pay a fee for the extra work caused thereby.

Guests.—When notified in advance, the Academy is glad to entertain relatives and friends of pupils not to exceed two days at one time, at a charge of \$1.50 a day. Parents who come to inspect the school, or who bring their daughters to the school, are particularly welcome. At commencement this proffer of hospitality is necessarily limited to Seniors, and in no case can the Academy entertain more than two guests for any one pupil.

Absence from the Town.—No student may, under any circumstances, leave the town without permission previously obtained from the Lady Principal, on written request of parent. Pupils are not allowed to spend the night away from the Academy except in their own homes. Parents are requested not to ask for exceptions to this rule.

Special requests of any kind should come from the parent to the Dean direct, not through the student. Parents should not consent to requests by pupils involving suspension of Academy regulations, until written request has been made to the Dean direct and answer has been received.

Advantages of House Residence.—Students from out of town are required in all cases, unless residing with near relatives (as near as uncle), to occupy rooms in the Academy buildings. Students occupying such rooms avoid many distractions, come into very close contact with the life of the school, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance, and to gain from their fellow-

students an enthusiasm for study and a knowledge of life. Not infrequently the best and most lasting results of school life are derived from its association. Rules for house pupils are furnished on entrance.

Rooms, Furnishings, and Clothing.—Rooms are of different kinds and sizes. Rooms in Hathaway Hall are intended for two. Several rooms in West Hall are single. For one pupil in a room see p. 34. All rooms are furnished with hardwood floors, beds, chairs, table, bureau, washstand, crockery, and window shades. (Windows 6×4, as a rule. Dresser tops 38×19. Commodes 33×18.) Students furnish *rugs, three sheets, three pillow cases, 26×20, all bed clothing, six towels (three bath, three plain), four napkins and napkin ring, knife, fork, spoon (for use in their own rooms), one gymnasium suit, dark blue preferred (bloomers and blouse) one pair storm rubbers, umbrella, heavy walking shoes.* Clothing should be plain. Lownecked dresses are not approved. The evening dress may be light in color but should be warm. School is not the place for expensive clothing. All articles must be plainly marked with name (not initials) with indelible ink. Double bed 6×4; single bed 6×3.) Beds as a rule are single.

Stoves of all kinds, oil, alcohol, gasoline, are prohibited in pupils' rooms. chafing dishes also. Pupils are not allowed to keep lamps, candles, or matches in their rooms, as a precaution against fire.

Jewelry.—Pupils are requested to leave expensive jewelry at home.

Correspondence.—Pupils' letters are never opened by the Academy. When parents wish correspondence restricted, they should furnish list of correspondents.

On entering the Academy every girl will receive personal attention as to her physical condition. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. Parents and friends will assist in preserving the health of the pupils if they will not send them food or confectionery except at Thanksgiving and on birthdays. The food must not include canned or cooked meats or fowl or fish, and must not exceed five pounds in weight, and must reach Mt. Carroll by Thanksgiving Day. *If food is sent at other times it will not be delivered.* The food furnished by the Academy is wholesome and abundant. Fruit may be furnished pupils if desired.

Express.—All express and telegrams must be sent in care of the Dean, and must be prepaid to avoid certain delay.

Religious Life of the Academy.—Daily chapel services are held, attended by all teachers and pupils. Once a week at chapel a pupil furnishes music, an essay, or recitation; and once a week the Dean speaks briefly.

A weekly prayer meeting is sustained by the Young Women's Christian Association. Pupils go to church and Sunday school at the churches in town. Sunday evening a meeting for the members of the house is held, led by the Dean or by one of the teachers or member of Y. W. C. A. The intention is that the influences in the Academy shall be those of a refined Christian home.

GENERAL VIEW OF THE CAMPUS
— SACCA LAUREATE PROFESSION

Registration Hours are on the day preceding the opening of each term, and on the day of opening. Changes in registration after the first week of each term, 50 cents.

All Business Communications should be addressed to the Dean.

Diplomas are granted pupils, who complete the work either in the Scholastic Department or in Music, Art, Elocution, or Domestic Science.

U. W. C. A.

This organization maintains a weekly prayer-meeting, encourages the social life among the pupils, sends delegates to national students' gatherings, takes charge of Sunday evening meetings occasionally, and seeks in every way to stimulate religious interest among the pupils. The officers are:

President, Dana Willcox.

Vice-President, Eva Roberts.

Secretary, Inez Humbert.

Treasurer, Jeanne Boyd.

Advisor, Miss Votaw.

Prayer Meeting, Josephine Woost.

Missionary and Bible Study, Margaret Munroe (to June, '09)

Social, Frances Roberts.

Intercollegiate, Winifred Seeger.

Practical Service, Hazel Hayden.

The Frances Shimer Diversion Club

The Frances Shimer Diversion Club is an organization open to the whole student body; there are no restrictions of membership and no dues. Regular monthly meetings are held in the Academy auditorium. The programme for each meeting is in the hands of a different committee. Thus not only is the burden of preparation divided, but an opportunity is given to a considerable number of students to show their originality in arranging an evening's entertainment. No student whose school work is unsatisfactory is permitted to appear on a programme. Discussion of current events, a debate on the question of term *versus* semester examinations, a mock faculty meeting, living pictures, the presentation of the farce, *Bachelor Maids*, have been interesting features of the programmes for this year. The interest evinced in the meetings and the energy and talent shown by the committees seem to prove that the Diversion Club has become a vital part of the school life.

The Educational Aid Association

The object of this organization is to secure money to loan to pupils who are worthy and have need, and to enrich the library of the Academy with an annual

contribution for books. The society consists of alumnae and teachers and friends of the Academy. The officers are:

- President, Mrs. Elhanan Fisher.
- Vice-President, Mrs. Robert Campbell.
- Secretary, Mrs. J. M. Rinewalt.
- Treasurer, Mrs. J. H. Miles.
- Chairman Students' Aid Committee, Mrs. W. P. McKee.
- Chairman Library Committee, Miss Dora G. Knight.

The Reunion Society

This organization includes alumnae, old students, and friends of the Academy whose purpose is to encourage friendly relations between old students and the Academy. It holds an annual business meeting at commencement time and gives a programme and a picnic supper on the Academy grounds. The officers of the Reunion Society are:

- President, Miss Effie Shaw.
- Vice-President, Miss Grace Bawden.
- Secretary, Mrs. Grace R. Squires.

The Mt. Carroll Seminary and Frances Shimer Academy Association of Chicago

- President, Mrs. Madge Myers Hislop, 6619 Washington Ave.
- Vice-President, Miss Adaline Turnbaugh.
- Secretary, Mrs. Lillian Hamblen Garst.

Library

The library was almost totally destroyed in the fire of February 9, 1907, and is being replaced as rapidly as the funds of the Academy and the generosity of its friends permit. It consists of about 800 well-selected volumes, including recent works of reference and special departmental collections. The reading room is supplied with a variety of wholesome current literature, including the *Chicago Tribune* and *Record-Herald*, *Standard*, *McClure's*, *Outlook*, *Independent*, *American Journal of Sociology*, *Everybody's*, *Cosmopolitan*, *Carroll County News* and *Democrat*, *Interior*, *Munsey's*, *Scribner's*, *Harper's*, *Review of Reviews*, *North American Review*, *Ladies' Home Journal*, *School Review*, *Bible World*, *Baptist Missionary Magazine*, *Home Mission Monthly*, *Helping Hand*, *Cover's Palette and Brush*, *American Illustrated Magazine*, *Literary Digest*.

New Pupils

Omnibuses meet all trains. All baggage should be plainly marked with owner's name and address, and the Hall in which the room is engaged. If not so marked an extra charge for transfer may be made.
